OUR STRATEGIC OBJECTIVES

- To **strengthen** the relationship with the British American companies, organizations, professionals, corporations and the numerous cultural and civic entities locally, nationally and internationally.
- To **reinforce** education, professionalism, accountability and responsiveness within our business community
- To **serve** as the gateway for large organizations and national corporations within the British American business community in Central Florida.
- To **support** other organizations that recognize individual cultures and promote British American integration.
- To **recognize** the achievement of the British individuals and companies or those otherwise involved in British American business who have a positive impact in our community

The chamber offers a number of membership levels to accommodate all sizes of business, ensuring a cost effective membership structure.
